

Overview:

OLC's Online Montessori Mentor is a real time mentoring system through Zoom. Montessori Schools and Teachers are connected with our Mentor to work through presentations related to Montessori lessons and the materials.

Teachers prepare their lessons before the online meeting and then demonstrate to the Mentor through zoom or conversely the Mentor demonstrates a lesson online through zoom for the school and teachers. Teachers then observe, make notes, ask questions and then practice the lesson online while the Mentors observes, makes notes and gives feedback.

Working together the goal is to provide quality in many pedagogical areas:

1. Correct use of Montessori materials
2. The purpose and methods of observation
3. Planning for instruction
4. Assessment and documentation
